

Pistol ART I – Beginners shooting course. This course will cover all the essentials of gun handling, proper sight alignment/sight picture, grip, stance, accuracy.

Stop the Bleed – “you got shot”. If you carry a gun as part of your profession or as a CCW, this course is a must. The skills learned in this course are just as important as having an emergency life - saving device (gun) itself.

Low-Light – “I cant see” – More than half of violent encounters occur in low-light environment. This course will cover the proper use of illumination tools while using a handgun. The shooter will learn to use and manipulate both hand-held and weapons mounted lights properly.

Close Quarter Battle - Shooting from various positions and at multiple targets. Contact distance shooting, fighting from the ground to your feet. Precision sight and stress sight shooting. This course is a must for those who carry a firearm. Reality Training for the Reality of Life!

Saturday, February 15
